

Happy New Year! One of the biggest New Year's resolutions is to "save more money". Come to the NDECPTA January General meeting on January 5th and learn how.

NDECPTA member Lesli Roppolo and her husband Joe are financial advisors with Primerica, a company committed to helping families learn simple principles to help develop a financial strategy.

Lesli and Joe, a Registered Investment Advisor, will show us "How Money Works" and give tips and suggestions on how to save money for college and retirement.

The Roppolos have two children, Joshua and Keira and say they "share a passion for educating families on better ways to make their money work for them."
